

## NEXT GENERATION FORUM

**ARTIFICIAL INTELLIGENCE • DENTAL ROBOTICS • 3D PRINTING • LASERS • AND MORE**

This cutting edge showcase is a series of lectures and demos for dental professionals and industry leaders looking to learn more about the most innovative and promising technology solutions in the dental arena. Participate in this convenient format of back-to-back lecture/demo sessions, allowing dental professionals ease in the technology discovery process.

These courses will be listed in Yankee publications as FREE to the attendees. If appropriate, CE Credits will be granted by Yankee. A lecture space will seat 80.\* Basic AV will be provided in each, including a LCD projector, screen, and wireless LAV microphone. If additional AV is required, please contact **Alicia Blake at [ablake@massdental.org](mailto:ablake@massdental.org). Additional AV is at the expense of the sponsoring company.** Standard electric will be provided for AV needs. If your course requires additional electric, this must be ordered direct through the convention center (and labor though Freeman) and is at the expense of the sponsoring company. Prior approval is required.

Rooms will be available in 2 hour time slots. Courses will run Thursday, January 30th through Saturday, February 1st. Selection of time slots is on a first-come, first-serve basis. In order to participate in these classrooms your company must be a contracted Yankee 2025 exhibitor.

All speaker honoraria, travel and expenses are the responsibility of the sponsoring company. Yankee reserves the right of final approval of all speakers. **Deadline to be included in the official Program Book is June 28, 2024.**

In order to operate in accordance with ADA CERP standards please note that product-promotion material or product-specific advertisement of any type is prohibited in or during the continuing education program. If you have a speaker change—MDS must be notified as soon as possible. If reasons prohibit the contracted speaker from speaking, a replacement speaker must be provided and approved by MDS. MDS has final approval of all speakers/topics and can cancel them at anytime.

**Due to new CERP policies, the following criteria apply to speakers:** Owners and employees of a commercial interest may serve as instructors if **a)** the content of the activity is not related to the business lines or products of their company; **b)** the content of the CE activity is limited to basic science research and they do not make care recommendations; and **c)** they are participating as technicians to teach the safe and proper use of medical devices, and do not recommend whether or when a device is used.

\* Capacity subject to change
